

ATP 30 Public Company Limited
Notes to interim financial statements
For the three-month periods ended 31 March 2016

1. General information

1.1 Corporate information

On 14 March 2015, the Extraordinary General Meeting of shareholders No.1/2558 of the Company passes a special resolution to approve the change of its status from limited company to be a public limited company under the Public Limited Companies Act and change the Company's name from "ATP 30 Corporation Company Limited" to "ATP 30 Public Company Limited". The Company registered its transformation in to a public limited company and the amendment of the Company's name with the Ministry of Commerce on 19 March 2015.

1.2 Basis for the preparation of interim financial statements

These interim financial statements are prepared in accordance with Thai Accounting Standard 34 (revised 2015) *Interim Financial Reporting*, with the Company choosing to present condensed interim financial statements. However, the Company has present the statements of financial position, comprehensive income, changes in shareholders' equity and cash flows in the same format as that used for the annual financial statements.

The interim financial statements are intended to provide information additional to that included in the latest annual financial statements. Accordingly, they focus on new activities, events and circumstances so as not to duplicate information previously reported. These interim financial statements should therefore be read in conjunction with the latest annual financial statements.

The interim financial statements in Thai language are the official statutory financial statements of the Company. The interim financial statements in English language have been translated from the Thai language financial statements.

1.3 New financial reporting standards

During the period, the Company has adopted the revised and new financial reporting standards issued by the Federation of Accounting Professions which became effective for fiscal years beginning on or after 1 January 2016. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards, with most of the changes directed towards revision of wording and terminology, and provision of interpretations and accounting guidance to users of standards. The adoption of these financial reporting standards did not have any significant impact on the Company's financial statements.

1.4 Significant accounting policies

The interim financial statements are prepared using the same accounting policies and methods of computation as were used for the financial statements for the year ended 31 December 2015.

2. Related party transactions

During the periods, the Company had significant business transactions with related parties. Such transactions, which are summarised below arose in the ordinary course of business and were concluded on commercial terms and bases agreed upon between the Company and those related parties.
